ALLEGED THIEVES ARE HELD IN HOLLY SPRINGS

HOLLY SPRINGS, Miss., May 14

HOLLY SPRINGS, Miss., May 14.

(Spl-y-James Madison and Rufus Taylor, of Memphis, are in juil here. Sherliff L. B. Slayden bringing them in Thursday. The men are charged with stealing two bales of cotton from the Frisco railroad platform in Byhalia Sunday inght. They were tried before to await the action of the grand Jury and sent to jail here in default of bonds of \$2,000 each.

The men were captured by Constable French, of Olive Branch. Wednesday night and showed fight when the officer ran on them. After an exthange of shorts Madison was wounded. He was shot in the fleshy part of his leg near the hip. The men are alleged in the min a touring car but after getting out on the Collierville road a few miles they had a binowout and rand the car into the woods and undertook to cover it with brush, where it was found the next day by the officers.

The officers concealed themselves near the car the next night and when the men came to get the cotton they brought with them two negroes. The while the men escaped and the negroes were caught. The negroes claimed that they did not know the men but had merely hired to them to load the cotton. After the white men were captured they were identified by the negroes. The while will succeed the late Dr. Buckner in Memphis, and shiss Wilkins, of New York. The car belonged to Madison.

There is some fear that these parties will try to break fall or that friends in Memphis will come to try and rescue them.

Born in 1839 Dr. Caldwell Still in His Office Daily

Wonderful vigor of the founder of Dr. Caldwell's Syrup Pepsin. Millions now use his famous prescription

Physicians know that good health depends largely upon proper digestion and elimination and that much sickness results from constipation. No one knows this better than the "family" doctor, the general practioner.

R. W. B. Caldwell of Monticello, Illinois, was and is a family doctor. The whole human body, not any small part of it, was his practice. More than half his "calla" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, billiousness—and all of aches, biliousness—and all of them required first a thorough evacuation. They were constipated.

Dr. Caldwell in the course of 40 years' practice, for he was grad-usted from Rush Medical College back in 1875, had found a goo deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year the preparation was first placed on the market. The picture of Dr. Caldwell that appears on the package was taken in

The preparation immediately had as great a success in the drug stores as it previously had in the doctor's private practice. Today the third generation is using it.

Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it, for Dr. Caldwell's Syrup Pepsin is selling at the rate of over 6 million bottles a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that are never without a bottle of Syrup Pepsin, and the formulator of that prescrip-tion is fortunately living to see its

Women, children and elderly people are especially benefitted by Dr. Caldwell's Syrup Pepsin. While it is promptly effective on the most robust constitution and in the most obstinate cases, it is mild and gentle in its action and does not cause griping and strain. Containing neither opiates nor narcotics, it is safe for the tiniest. baby and children like it and take it willingly.

Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home. Where many live someone is sure to need
